OCOW-5730

published in the Soviet press when the material of more talented writers remains unpublished.

- 4. It is strongly suspected that Subject was collaborating with the KGB during his visit in Canada in an effort to determine who smuggled the manuscripts of Vasyl' SYMONENKO's poetry and diary to the West. The material first appeared in an issue of the Munich publication SUCHASNIST, and evoked almost immediate reaction in the Soviet Union. The material brought out had not been published in the Soviet Union and was of a nationalist nature. SUCHASNIST published it after the poet's death. Subject questioned AERODYNAMIC sources about the material and insinuated that he knew not only who the internal source was but also the individual who smuggled the material out to the West. He also very subtly solicited information which would reveal and pinpoint specific nationalist emigre contacts with individuals in the Ukraine. It is even possible he is tied in with recent arrests in the Ukraine of individuals who had been involved in contacts with an emigre group. Subject has been maintaining correspondence with an AERODYNAMIC source for about two years. The openness of this correspondence would indicate that it has been sanctioned by the authorities.
- 5. It is doubtful that Subject sought the help of the couple named in paragraph 12 of the SMABOVE report in obtaining political asylum. He has on a previous occasion explained that such action on his part would be out of the question because he would not leave his wife and his son behind. (FYI: The couple referred to gave AECASSOWARY/29 a detailed report of their meetings with Subject. He told them he was purposely avoiding a trip to New York at that time. He said he had hopes of coming to New York for several month's stay at a later date, and that if he had come to the United States during his stay in Canada, it might jeopardize his chances for the There was no mention of request for political asylum.)
- All of the above on Subject may be passed to SMABOVE, with the exception of the FYI comments.
